

# Sharsheret Awarded Prestigious Grant

Sharsheret, a national not-for-profit organization supporting young Jewish women facing breast cancer, is the recent recipient of a prestigious grant from The Greater New York City Affiliate of the Susan G. Komen Breast Cancer Foundation. The grant will fund a culturally-sensitive education and support initiative targeting Hasidic and Orthodox Jewish women facing breast cancer in the New York metropolitan area.

As part of the Komen Foundation's mission to support education and treatment programs for medically underserved individuals in the greater New York City area, Sharsheret will offer peer support and develop two brochures including breast cancer resources and addressing breast cancer genetics. The organization will also collaborate with local organizations to present outreach events addressing the unique concerns of Jewish women facing breast cancer.
